NATURAL PROGRESSION

Natural Progression is a group who believes that “good people deserve good music.” Originating in February 2011, NP hit the ground running and has yet to be stopped. Their exhilarating sound derives from each individual’s roots in Jazz, R & B, Soul, Neo-Soul, and Gospel.

The true meaning of “Live” music comes to life when Joshua Jessen(keyboard), KJ Glover (Drums) David Harding (Bass), Ben Sweeney (guitar) George Carpten (Trumpet) Ricky Williams (Saxophone) Micah Davis (Lead Vocals) and KeiMarie (Lead Vocals) hit the stage.

With their distinct sound, NP captures their audience, while taking them on a musical quest, covering artists such as Stevie Wonder, Luther Vandross, Chaka Kahn, Bruno Mars, Alicia Keys, Adele, Aretha Franklin, and Whitney Houston (just to name a few.)
